On behalf of PSI and New Jersey Real Estate Commission

Remote Proctored Examinations

Dear Real Estate Instructor / School Director

PSI and the NJ REC are excited to announce that the New Jersey Real Estate examinations will be offered in a bi-modal environment. Beginning Monday, September 21, 2020, all real estate examinations will be offered online as well as the traditional 'bricks and mortar' testing sites. Currently, we offer ten (10) locations within New Jersey as well as the rest of the PSI testing network. By providing the online option, we expect potential real estate professionals to be able to take the examination in a secure and convenient setting, thus providing more options for testing at your preferred time/location. The PSI online examination(s) are available 24 hours per day, seven days a week.

Please be aware, that the process WILL change as it relates to the online registration process. Effective as of September 21, 2020, the URL for creating / scheduling the examinations will be different than the previous process.

For reference, please see the below screenshots that outline the registration process. In response to above Modification to Contract CW39305, PSI is formally proposing a change to the contract terms in lieu of the request for system access for the Security and Industrial Boards.
